

Having suffered for a long time with severe pain ,discomfort and a reduction in movement in my left hip , on 15.09.15. I had major hip joint replacement surgery performed by consultant surgeon Mr. Anwar Jafri and his medical team at the Nuffield Health Tees Hospital , Norton, Stockton on Tees. Now 6 months into my recovery I'm walking normal, doing my household chores, gardening ,DIY,and just this week started playing golf again and walking the course! All with ease, no pain and no discomfort. I can highly recommend to anyone who is suffering from similar symptoms that I endured to have this replacement surgery, it will change your life for the better as it has me . If in the future I require any more operations on my joints I will certainly be getting Mr.Anwar Jafri to do the surgery as he has done a marvellous job on my left hip, and I can without hesitation highly recommend Mr. Anwar Jafri to anyone who requires similar replacement surgery.

C.N.B. (Hartlepool).
